Dr. Ing. Krzysztof Herman

(56)(41)3111567 - kherman@ubiobio.cl

In charge of promotion of Code_Aster and Salome-Meca, I would like to offer some elective course in the area of numerical computation, which concerns sensors and actuators applied in the area of automation.

My fields of modeling is acoustic field in ultrasonic range of frequencies and ultrasonic transducers.

IT configuration : 8-core X64 PC + Ubuntu 16.04 LTS
