

RĪGAS TEHNISKĀ UNIVERSITĀTE

Faculty of Civil Engineering

16/20 Āzenes Street, Riga, LV-1048

[www.rtu.lv](http://www.rtu.lv)

**Person in charge of the course:**

Leading researcher, Dr.Sc.Ing. Janis Sliseris, [Janis.sliseris@rtu.lv](mailto:Janis.sliseris@rtu.lv)

**Courses taught:**

"Numerical Method in Civil Engineering",  
"Structural Analysis of Frame Structures",  
"Structural Optimization"

**Fields of scientific interests:**

Non-linear finite element modelling, wood based composites, micromechanics of fiber reinforced composites.

**IT configuration:**

Ubuntu 14.04 LTS, Salome-Meca 2014.2, Intel Core i7-3612QM CPU machines.
